

CEPEDA Associates, Inc.

Number: Q-62

Revision: 11/27/2018

Title: **MIL-DTL-22050E - APPROVAL OF GASKET AND PACKING MATERIAL**

Clause: Gasket and packing material shall be tested in accordance with the Nuclear Powered Submarine Atmosphere Control Manual, NAVSEA Manual S9510-AB-ATM-010 Rev 2, by a Government approved testing facility. The results shall be submitted to the Government for evaluation and approval for use (see MIL-DTL-22050E 3.9 and 6.7). Approval letter shall be made available to CEPEDA Associates, Inc. upon request.

For more information refer to [QCP300.2, Supplier Quality Assurance Requirements](#).
