

# **CEPEDA Associates, Inc.**

**Number:** Q-64

**Revision:** 7/28/2020

**Title:** SEAMLESS PIPE/TUBING REQUIREMENT

**Clause:** SEAMLESS PIPE/TUBING:

Unless specifically authorized in the purchase order, only seamless pipe and tubing shall be used in items/components supplied. The Supplier's material control system must assure that seamed pipe and tubing is controlled such that it cannot be mixed with seamless pipe and tubing. This material control requirement must be passed on to the Supplier's mill or distribution sources and sub-tier Suppliers.
